AXALT

AXALT stands for Performance, Quality, and Innovation. We are presenting the new range of professional Auto Care Products which will cater to the ever-increasing toughest demands of the industries' day to day needs. It is a dedicated effort of a team of Professionals with more than 20 years of experience in the Indian Automotive Industry.

We enforce strict manufacturing standards and strive for continuous product improvement through application, field engineering and intensive R & D. Our constant endeavor is to present innovative and cost effective solutions to pressing maintenance needs.

Product and environmental safety is our top priority. Adequate care is taken to ensure the safety of environment and the user.

We hope that the product range we present in this catalogue caters to your maintenance demands and wish to serve you.

AXALT
